

Yavapai Library Network Monthly Report

August 2024

Greetings, YLN,

I have two announcements for this month's report.

Firstly, the Tri-city College Prep School Library is leaving the YLN at the end of August. Their materials will temporarily remain hidden in the catalog until all items have been processed through transit, and holds to and from the library have already stopped. Since joining the YLN in 2012, they have been a quiet yet consistent member of our network.

Secondly, our long-time system administrator, Chanel Wheeler, is retiring. Her last day will be November 1st, allowing her a couple of months to address the remaining Koha issues, work on documentation, and train her successor. Chanel, who started with the County on October 10, 2011, is one of the longest-serving members of the YLN. In her time with YLN, she has:

- Developed the student import system for ERAU, PCL, and the K-12s
- Migrated the OPAC from Enterprise to Aspen
- Transitioned the ILS from Symphony to Koha
- Created TPS, an internal database for statistics
- Ensured subscription databases authenticate properly
- Managed the YLN portal and YCFLD website
- Wrote lots of documentation
- Onboarded many of the school libraries and helped their staff use our catalog
- Responded to thousands(!) of help tickets
- Set up and customized the YES! Calendar
- And so much more!

Her extensive knowledge of our systems will be greatly missed, and I am thankful for the advance notice she has provided. I'm sure everyone in the YLN will miss her expertise and wish her all the best for the future!

Karie Straube
YLN Administrator

PRIORITIES

Help Desk

A help desk request, or work order, is the submission of a problem that one encounters during the normal operation of a YLN service. Requests are generally submitted via e-mail to help@yln.info. If a request is submitted via telephone, then a YLN staff person will create the request for the submitter. Help desk requests will always be our highest priority because in some cases a member library employee cannot complete a work function until the issue is resolved.

Total requests submitted: 160

Total requests resolved: 134

Total unresolved requests opened this month: 26

Total requests still open: 48
