June 14 to July 26

Innovation in Rural America Showcased in
Smithsonian Traveling Exhibition
Coming to Camp Verde Community Library

Camp Verde, AZ - Every invention and innovation is someone's attempt to turn a problem into a solution. The results: Old neighborhoods revitalized, historic business districts rejuvenated, new festivals and cultural attractions generated and much more. "Spark! Places of Innovation," a traveling exhibition from the Smithsonian, highlights how innovation has shaped small towns across the country. The exhibition examining the ingenuity and tenacity of rural America opens at Camp Verde Community Library, on Saturday, June 14th. "Spark!" will be on view through Saturday, July 26th.

Camp Verde Community Library and the surrounding community has been chosen by Arizona Humanities to host "Spark!" as part of the Museum on Main Street program—a national/state/local partnership to bring exhibitions and programs to rural cultural organizations. The exhibition will tour six communities in Arizona from June 14th, 2025, through March 28th, 2026.

Through photographs, hands-on interactives, objects and videos, "Spark!" reveals the leaders, challenges, successes and future of innovation in each featured town. The exhibit is organized into four different categories of innovation: social, artistic, technological and cultural. Examples of innovation include the Art & Environment Initiative in Meadville, Pennsylvania, that collaborates with community members through public art projects that revitalize, beautify and help transform shared spaces. And the University of New Mexico-Taos Hub of Internet-based Vocation and Education (HIVE) that brought together educators, environmentalists and local leaders to create coworking space, a small business support center and on-site UMN-Taos classes.

"Spark!" allows us to reflect on Camp Verde's history, present and future and we are excited to explore what the future may hold for our community," said Zack Garcia, library specialist, "We want to convene conversations about innovation in our own community and have developed a local exhibition and public programs to complement the Smithsonian exhibition." For 'Spark!', Camp Verde Community Library has partnered with the Verde Valley Science Vortex, whose mission is to positively impact children's critical-thinking abilities, creativity, and STEM literacy. This partnership allows the library to showcase hands-on, interactive pieces from the Science Vortex to complement the Smithsonian exhibit.

Spark! Places of Innovation has been made possible in Camp Verde, AZ by Arizona Humanities. The exhibition is part of Museum on Main Street, a unique collaboration between the Smithsonian Institution Traveling Exhibition Service (SITES), state humanities councils across the nation, and local host organizations. "Spark!" was inspired by "Places of Invention," an exhibition developed by the Smithsonian's Lemelson Center for the Study of Invention and Innovation. To learn more about "Spark! Places of Innovation" and other Museum on Main Street exhibitions, visit www.museumonmainstreet.org.

Help Desk

A help desk request, or work order, is the submission of a problem that one encounters during the normal operation of a YLN service. Requests are generally submitted via e-mail to help@yln.info. If a request is submitted via telephone, then a YLN staff person will create the request for the submitter. Help desk requests will always be our highest priority because in some cases a member library employee cannot complete a work function until the issue is resolved.

Total requests submitted: 119

Total requests resolved: 112
